13TH SUNDAY IN ORDINARY TIME , YEAR C

COMMENTARY ON READINGS

First Reading: God commands Elijah to anoint Elisha to succeed him as prophet. Elisha then abandons his former way of life and adopts his new vocation as Elijah's disciple.. (Kings 19:16, 19-21)

RESPONSORIAL PSALM (Ps. PS 103)
 "The Lord is kind and merciful."

Bless the LORD, O my soul;
 and all my being, bless his holy name.
 Bless the LORD, O my soul,
 and forget not all his benefits. **Res.**

He pardons all your iniquities,
 he heals all your ills.
 He redeems your life from destruction,
 he crowns you with kindness and compassion. **Res.**

Merciful and gracious is the LORD,
 slow to anger and abounding in kindness.
 He will not always chide,
 nor does he keep his wrath forever. **Res.**

Not according to our sins does he deal with us,
 nor does he requite us according to our crimes.
 For as the heavens are high above the earth,
 so surpassing is his kindness toward those who fear him.
Res.

Second Reading: The Lord has freed us from slavery to sin, therefore, as true disciples of Christ, we ought to renounce all worldly desires and self-indulgence because Christ has called us to love one another in Him. (Galatians 5:1, 13-18)

Gospel: Jesus sets out for Jerusalem fully aware of the opposition he will meet there to his preaching about the Kingdom of God. Jesus demands nothing less than total unwavering commitment to Him from those who choose to become His followers. (Luke 9:51-62)

WEEKDAY READINGS & MEMORIALS
13TH WEEK IN ORDINARY TIME, YEAR C

HEALTH CORNER

(Occupational Health, Safety & Environment)
TECHNOLOGY IN MANUFACTURING AND
WORKPLACE SAFETY CULTURE

....continuing from last week

What should I take into account when introducing new technology?

The introduction of technology in the manufacturing workplace is not without risk. Whilst it can offer an increase in safety, failure to consider the practicalities of hazards can render the new technology useless.

My top ten tips are;

1. What is the goal?

A primary manufacturing goal is to continuously improve equipment effectiveness, productivity, efficiency and visibility. New processes, procedures and technology should serve a purpose and seek to make positive change. If your new technology will not increase efficiency, drive growth or help manage your health and safety risks – you don't need it.

- to be continued

DIVINE MERCY CHURCH

ROSTER FOR BIDDING PRAYERS & OFFERTORY
